PERMIT EXPIRES ONE YEAR FROM ABOVE DATE

NOTE: The Borough of Somerset will use the above information and such supplemental information as it seems necessary to calculate the sewer connection fee for the proposed structure. The Borough reserves the right to increase the sewer connection fee based upon any additional information received by the Borough within a period of thirty-six (36) months of the date the building occupancy permit is issued. It should be noted that this application **does not** guarantee when a final certificate of occupancy will be issued. Therefore, the above structure may not be occupied until such time as the Pennsylvania Department of Environmental Resources allows said certificates to be issued. The Council of the Borough of Somerset reserves the right to personally review any application which would result in the disbursement of more than ten EDU's (Equivalent Domestic Unit), as well as any application deemed necessary to review prior to approval.
